**Forever evolving,
since 1952.**

Forme has long been a brand of Frosio Bortolo: a company of excellence with over 70 years of history in the handle industry. Frosio Bortolo is a family business that has maintained its cutting-edge position through integrating its production into a new design dimension, launching several successful brands. Its flagship brand is Forme. A brand that marked the company's 70th anniversary with a new strategy and brand image, which is even more oriented towards contemporary architecture and the challenges of global markets.

*Dal 1952,
nel segno dell'evoluzione.*

Forme è un brand di Frosio Bortolo: azienda di eccellenza nel settore della maniglieria con oltre 70 anni di storia. Una tradizione di famiglia che ha saputo guardare al futuro integrando la sua impronta produttiva in una nuova dimensione progettuale con il lancio di diversi brand di successo. Il suo marchio di punta? Forme. Un brand che in occasione dei 70 anni dell'azienda si rinnova con una nuova strategia e immagine di marca, ancora più orientate all'architettura contemporanea e alle sfide dei mercati globali.

3 generations, a family passion.

The company was created in 1952 by Frosio Bortolo and still bears the name of its founder. Today, the Frosio family continues to manage the company with the same passion and dedication to their work.

Pietro Frosio, son of Bortolo, has been running the company for the past 40 years, supported over time by his sons Omar and Marco. Knowledge, skills and passion, handed down from generation to generation.

3 generazioni, una passione di famiglia.

L'azienda è stata fondata nel 1952 da Frosio Bortolo e porta ancora il nome del suo capostipite. Oggi, la famiglia Frosio continua a gestire la società con la stessa passione e dedizione al lavoro. Pietro Frosio, figlio di Bortolo, guida l'azienda da ormai 40 anni, affiancato nel tempo anche dai figli Omar e Marco. Sapere, competenze e passione tramandate di generazione in generazione.

Always looking forward.

In 1952, at the dawn of the economic boom that would transform Italy from an agricultural country to an industrial power, the founder Bortolo started a cleaning business of handle items. It wasn't long before he moved on to the design, casting and assembly of products. Since then, the company has continued to extend its production by investing in new technologies, cutting-edge machinery and valuable partnerships. We equip ourselves not just with tools, but ideas, to better interpret future trends and anticipate the needs of an increasingly sophisticated clientele.

Una visione da sempre proiettata al futuro.

Nel 1952, all'alba del boom economico che trasformerà l'Italia da Paese agricolo a potenza industriale, il capostipite Bortolo avvia l'attività di pulitura di articoli di maniglieria passando ben presto alla progettazione, fusione e assemblaggio dei prodotti. Da allora, l'azienda ha continuato a estendere la sua produzione investendo in nuove tecnologie, macchinari all'avanguardia e partnership di valore. Idee e strumenti per interpretare al meglio i trend del futuro e anticipare le esigenze di una clientela sempre più sofisticata.

A logo with a secret.

Inside the lettering of the new Forme logo there is a hidden handle, created by lowering the vertical shaft of the letter “f” and detaching it from the horizontal one.

An almost secret detail, it’s a symbol that represents the idea of a discreet, exclusive design, which is revealed little by little. Attentive to what it displays as well as what it hides.

forme

“ The logo is the first building block of change. We wanted to tie ourselves to the past with the use of a lighter lower case lettering, but also firmly distinguish the new path of the brand, with additional details and added personality. ”

OSMO

Un logo da scoprire.

All'interno del lettering del nuovo logo Forme è presente una maniglia nascosta, creata abbassando l'asta verticale della lettera “f” e staccandola da quella orizzontale.

Un dettaglio quasi segreto, un simbolo che rappresenta l'idea di un design discreto, esclusivo, che si svela poco a poco, attento a ciò che mostra così come a ciò che nasconde.

“Il logo è il primo mattoncino del cambiamento. Volevamo legarci al passato con l'utilizzo di un lettering minuscolo più leggero ma con l'aggiunta di un dettaglio che conferisce personalità e contraddistingue il nuovo percorso del brand”. OSMO

All aspects of our DNA.

01. Endless Research.

Someone once said talent is 1% inspiration and 99% sweat. The sweat of those who study, develop, experiment with and love research in its purest form. It is what unites knowledge, seeks to always find meaning and create beauty through nourishing ideas.

01. Ricerca infinita.

Come diceva qualcuno, il talento è 1% ispirazione e 99% sudore. Il sudore di chi studia, approfondisce, sperimenta e ama la ricerca nella sua veste più pura. Quella che unisce i saperi, che indaga il senso delle cose, che si nutre di bellezza.

02. The courage of ideas.

To innovate means to dare. Not just tolerating risk but celebrating it - investing time and resources into an idea and walking unexplored paths without knowing the destination. We believe in the curiosity to discover, day by day, what lies beyond the horizon.

02. Il coraggio delle idee.

Innovare significa osare. Accettare un rischio. Investire tempo e risorse in un'idea e percorrere sentieri inesplorati senza conoscere la destinazione. La curiosità di scoprire, giorno per giorno, cosa c'è dietro l'orizzonte.

03. Achieving true quality.

We are Italians who have been making handles entirely within Italy for 70 years. But this is not enough to guarantee the quality of a product. True quality comes through a way of being, thinking and acting. It is worth more than any certification or length of history.

03. La qualità non basta.

Siamo italiani, realizziamo maniglie da 70 anni e la produzione è interamente made in Italy. Ma questo non basta per garantire la qualità di un prodotto. Perché la vera qualità è un modo di essere, pensare, agire, e vale più di qualsiasi certificazione.

04. Ongoing experimentation.

Try, make mistakes, improve and try again. The success of a project arises from a process of continuous experimentation where the error is part of the journey. A wrong step can sometimes put you on the right course to create something truly unique.

04. Sperimentazione continua.

Provare, sbagliare, migliorare e riprovare. Il successo di un progetto nasce da un processo di sperimentazione continua dove l'errore fa parte del gioco. Una strada sbagliata può essere a volte la giusta rotta per creare davvero qualcosa di unico.

05. Lateral thinking.

Nothing is created and nothing is destroyed. But everything is transformed, as long as you change your point of view. In a world where everything has already been seen and experienced, it is our unprecedented perspective that really can make the difference.

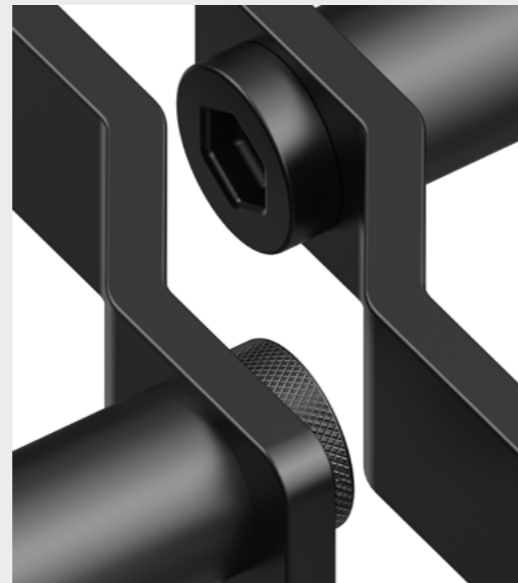

05. Pensare laterale.

Nulla si crea e nulla si distrugge ma tutto si trasforma: a patto di cambiare punto di vista. In un mondo dove tutto è stato già fatto, visto, masticato, è il nostro sguardo personale e la nostra inedita prospettiva a fare davvero la differenza.

06. Return to design.

Today that the word design has almost lost its meaning, we find its essence by returning to its roots. In the collaboration with designers of different cultures and visions, in the continuous contamination, in the fusion of experiences.

06. Ritorno al design.

Oggi che la parola design ha quasi perso di significato, ne ritroviamo il senso tornando alla sua radice. Nella collaborazione con designer di culture e visioni diverse, nella contaminazione continua, nella fusione di esperienze.

07. Sustainable action.

We believe in a sustainable future and that comes through committed action, day after day. Doing, not just being. We are lucky enough to work in a valley surrounded by greenery and we know how important it is to safeguard the beautiful planet that hosts us.

07. Fare sostenibile.

Crediamo in un futuro sostenibile che diventa azione concreta, giorno dopo giorno. Fare, più di essere. Abbiamo la fortuna di lavorare in una valle immersa nel verde e sappiamo quanto sia bello e importante salvaguardare il pianeta che ci ospita.

Choosing the ideal finish.

Forme handles are all made of aluminum, brass or zamak - an alloy made up of zinc, aluminum, magnesium and copper. In addition to traditional finishes and special materials, two innovative finishes are available: Cleantouch[®] bacterial protection and Ecotech[®] ecological treatment. Two solutions opening the door to the future.

Finishes are available on request when purchasing large quantities for all product families in the collection.

Cleantouch[®].

Hygiene at your fingertips.

As the pandemic continuously taught us, hands are one of the main carriers of bacteria. But Cleantouch[®], available on various Forme models, has a special antibacterial layer that protects the surface of the handle from microbes.

External tests have shown that the Cleantouch[®] treatment reduces bacterial activity by 99.9%. How? Thanks to the silver ions that penetrate the bacteria membrane, eliminating germs and limiting their reproduction.

Scegli la finitura ideale.

Le maniglie Forme sono tutte realizzate in alluminio, ottone o zama - una lega composta da zinco, alluminio, magnesio e rame. Oltre alle finiture tradizionali e ai materiali speciali sono disponibili due finiture innovative: la protezione batterica Cleantouch[®] e il trattamento ecologico Ecotech[®]. Due soluzioni per aprire la porta al futuro.

Finiture su richiesta sono disponibili per grandi quantitativi per tutte le famiglie di prodotti della collezione.

Cleantouch[®].

Igiene a portata di mano.

Le mani sono uno dei principali vettori di batteri. Per questo su diversi modelli Forme è disponibile Cleantouch[®]: uno speciale strato antibatterico che protegge la superficie della maniglia dai microbi.

Test esterni hanno dimostrato che il trattamento Cleantouch[®] riduce del 99,9% l'attività batterica. Come? Grazie agli ioni d'argento che penetrano la membrana dei batteri, eliminando i germi e limitandone la riproduzione.

Ecotech®.

Less energy, more performance.

The world is evolving. Sustainability is increasingly becoming the protagonist of corporate decisions and technology is creating new green innovations, such as Ecotech®.

Ecotech® is a special metal coating that guarantees a lower environmental impact, a healthier workplace and improvements in terms of resistance, uniformity, and bond between film, substrate and color options.

Ecotech® can be used on all Forme models. A sustainable commitment that meets the highest production quality.

Choose the Ecotech finish to give sustainable value to your projects and encourage an increasingly green production.

Il mondo evolve, la sostenibilità diventa sempre più protagonista delle scelte aziendali e la tecnologia lancia nuove innovazioni green, come Ecotech®. Uno speciale rivestimento dei metalli che garantisce un minore impatto ambientale, un luogo di lavoro più sano per le persone e performance superiori in termini di resistenza, uniformità, legame tra film e substrato e opportunità di colorazioni.

Ecotech® può essere impiegato su tutti i modelli Forme. Un impegno sostenibile che incontra la massima qualità produttiva. Scegli la finitura Ecotech per dare un valore sostenibile ai tuoi progetti e favorire una produzione sempre più green.
